INTRODUCTION OF PRODUCTS

Naoto Fukasawa, the great Japanese modern designer, once said "Instead of looking for perfection, one should rather look for the "just right".

Design for the un-designed is the best design. Therefore, we created Scale series of Office Furniture. Scale holds the concept of people foremost and concerns particularly the comfortability and functionality, to bring a working environment that is easy, comfortable and with high efficiency. There is no fancy design in Scale, but only the highest quality and the highest functionality to bring you a brand new experience.

Now, let us lead you to a working environment where you can be all that you can be and work freely.

日本當代的設計大師深澤直人曾說過：「與其尋找完美，不如剛剛好適合。」不為設計而設計就是最好的設計。因此，我們創造了斯凱爾系列辦公傢俱。

斯凱爾所秉持的是以人為本的理念，講求舒適性、機能性，帶給使用者一個輕鬆舒服又高效率的辦公空間。斯凱爾不玩花俏的設計手法，只以最高的品質以及功能性的設計，給您一個全新的體驗。

現在，讓我們引領您進入一個盡情揮灑、自在工作的空間！
